#### **PROGRAM IMPROVEMENT and ASSESSMENT COMMITTEE (PIAC)**

The Program Improvement and Assessment Committee (PIAC) provides a forum for collaborative and cross-disciplinary work on unit and program assessments. The PIAC meets a minimum of five times during the academic school year and is comprised of program coordinators from each initial and advanced program accountable to the Council for the Accreditation of Educator Preparation (CAEP). Sub-committees monitor the work of the whole to ensure the unit is addressing the CAEP standards. All meeting agendas, materials and minutes are managed for the School of Education in Live Text until 2023. Currently, minutes and materials are managed on the TEAMS platform. The table below is a listing of the faculty representatives present at those meetings.

#### **EDUCATION AFFILIATION AGREEMENTS**

SIUC requires an Education Affiliation Agreement for every school or internship site where initial and advanced candidates are placed for clinical experiences. In 2023, SIUC partnered with 99 schools across three regions of the state. The agreements are signed with final approval by the Provost and Chancellor and remains in effect for a period of five (5) years. We also ensure that we are in compliance with legal affairs by following the protocol stated on our SIU Extended Campus website
